

DEAR OWNERS AND KROGEN ENTHUSIASTS,

2002 marked a considerable milestone for Kadey-Krogen Yachts as we celebrated our 25th Anniversary at our new headquarters in Stuart, Florida at Stuart Cay Marina.

No doubt my father James S. Krogen and Art Kadey would have been proud to have been represented by such a wonderful group of owners and associates who have been instrumental in our success. We are also extremely proud of the Krogen team who have helped us to carry on and build on the Krogen tradition.

Much of our success must also be credited to the extraordinary talents of Lin Kao Shui and the skilled craftsmen at Asia Harbor Yachts. We continue to meet our goals in our constant quest for quality.

more >

With over 150 attendees and Krogens lining the docks at Stuart Cay Marina, a good time was had by all.

DEAR OWNERS AND KROGEN ENTHUSIASTS *continued from cover*

Krogen has now produced just over 500 yachts. This would not include the 700 plus designs of custom yachts and commercial vessels produced by James S. Krogen and Co. Inc. There is an obvious growing awareness of our product line and unique history as evidenced by the extraordinary publicity our company has received over the past year.

By reading "The Legacy of Kadey-Krogen" by Bill Parlatore in the Nov./Dec. issue of PassageMaker Magazine, one can gain considerable understanding of Kadey-Krogen's unique history. Other articles on our products have

graced the pages of Yachts International, Power and Motoryacht, Sea Magazine, Great Lakes Boating, Motorboating, Yachting, and Southern Boating, as well as a great article in The Miami Herald. Don't forget to visit our website, www.kadeykrogen.com to see many of these great stories. Owner enthusiasm remains high

as the Krogen owners' groups organize, namely; Krogen Cruisers and the Northwest Krogen owners group continue to expand, particularly in "Krog-in" rendezvous. While timing did not allow for our participation in the Chesapeake "Krog-in" last summer, we believe a great time was had by all. We did, however, manage to visit the Northwest rendezvous in Oak Harbor. Seeing all the Krogens lined up to go while in Oak Harbor and meeting all the wonderful owners certainly was a memorable experience and reminded us what it's all about.

Kurt M. Krogen
President

Krogens lined up at NW Rendezvous in Oak Harbor, WA!

THE KROGEN 44'

We are pleased to announce that the Krogen 44' has several orders in place and is now in production. We are excited to report that by popular demand we will be offering the widebody option in addition to the classic walk-around version. The 44' is scheduled for introduction in Summer 2004.

44' Project is now underway!

THE ALL NEW KROGEN EXPRESS 52'

With production well underway, the Krogen Express 52' is scheduled to make her debut at the Annapolis Boat Show, October 16-19, 2003. Hull #2 will be on display at the Ft. Lauderdale Boat Show October 30 – November 3. The integration of production between Krogen Express and Asia Harbor has allowed several key advancements in construction technologies, not to mention the numerous innovative design modifications which ensure she's the finest semi-displacement vessel on the market. Contact Krogen Yacht Sales to learn more about pre-construction opportunities and how Krogen Express has made a great boat even better.

58' UPDATE

STEP UP AND SLOW DOWN: When Steve and Sandy Bruckner traded their Grand Banks 42' for a new 49' Krogen Express in 1999 many commented on her impeccable condition. The 49' Express was recently traded for a new Krogen 58', and without a doubt she is one of the finest examples of the 49' series. (The Bruckner's 49' Express "Duchess" is featured on the brokerage page). Steve and Sandy are currently finalizing the outfitting of their new Krogen 58' with plans to cruise the East Coast and Caribbean. Congratulations Steve and Sandy!

Hull # 7 is well under construction and features the mid-master stateroom arrangement. Owners, Kelley Shippey and Donna Simpson, are anxiously awaiting Hull #7's arrival this summer.

The mid-stateroom arrangement should be an exciting addition for those who prefer the master midship! With a dedicated office and guest stateroom to rival the master stateroom just forward. The day head is also a welcome feature avoiding the pitfalls of passing via staterooms for those quick commutes to the head. For more details on this exciting arrangement, contact the Krogen Sales team.

FOX'S ODYSSEY TO TRINIDAD

On November 27, 2002, Dennis and Julie Fox m/v "Sea Fox" set out on an "Odyssey to Trinidad." Since their departure from Ft. Lauderdale, they have traveled over 1,000 miles; they have cruised through the Big Majors, Turks and Caicos, Dominican Republic and the British Virgin Islands. The ship's log includes distance traveled, gallons of fuel burned, gallons per mile, and average speed for each leg of their trip as well as commentary from the Foxes. The complete ship's log that the Foxes have been sending to Kadey-Krogen is located on our website (www.kadeykrogen.com), along with additional photos of their voyage.

Top: Dennis and Julie Fox aboard m/v "Sea Fox". Right: "Sea Fox" anchored off the coast of Trinidad.

COMPANY PROFILE

Tom Button has expanded his role at Kadey-Krogen Yachts and was recently promoted to Vice-President of Operations. Tom's involvement improving customer service, tech support and streamlining production has been a great asset to our company. He has been with the company for three years, coming back to work after cruising

the U.S. West Coast and Mexico on his Krogen 42'. Cruising around the rivers and lakes of the Midwest are where Tom got his start in boating, as well as helping his dad, who was a boat mechanic, at the fuel docks and restoring old boats. Tom brings a vast knowledge of all kinds of boats to Kadey-Krogen.

Tom Button, Vice-President of Operations

NEW APPOINTMENTS

John Gear

Krogen Yacht Sales, Kadey-Krogen Yachts brokerage division is headed up by John Gear. Sales have increased in the first full year of operation. John has been a boater all of his life. He grew up around the Great Lakes and had boats most of the time. By purchasing his own brokerage in 1976, he turned an avocation into a career. John was a 36' Krogen Manatee owner long before he became involved with the company; he understands that, "Krogens are both capable AND comfortable."

Larry Polster

Larry Polster has joined the Krogen Yacht Sales team concentrating on the mid-Atlantic market, based out of Annapolis. After 17 years as an Information Technology consultant he needed a change. He volunteered for Kadey-Krogen at the Annapolis Boat Show and was hooked. He has been boating for 30 years and lived aboard for 8 years on and off. He and his family also took a year and went cruising. His daughter, Hannah, learned to walk and talk on their sailboat. One of the reasons Larry joined the Krogen team was that he truly loves the designs of the boats. He is currently a Krogen 42' owner and wants to make sure that everyone finds their dream boat.

Determined

KROGEN YACHT SALES

NEW YACHTS & SELECT BROKERAGE

FEATURED BOAT: M/V "DUCHESS"

This Krogen Express 49' is without a doubt the best conditioned, best equipped Express on the market today. She has everything needed for safe, comfortable cruising and when you factor in her BRISTOL condition DUCHESS represents that rare opportunity to purchase a premium built vessel, in outstanding condition at a price well below replacement. DUCHESS is only available due to the fact that her owners have purchased a larger Kadey-Krogen trawler.

Listed below are brokerage boats available at Krogen Yacht Sales. For more information or to set up an appointment, visit the Krogen Yacht Sales website at www.krogenyachtsales.com or call 1-800-247-1230.
